I NEED YOU,
YOU NEED ME
LET'S MAKE IT
WORK!

VENUE:
IIITN CAMPUS, SEMINARY HILLS, NAGPUR

About Event:

In this event technical skills of electrical engineering, analog electronics and digital electronics will be tested.

The individual team needs to implement the circuit according to the problem given i.e. live circuit out of basic components such as diode, resistor and etc. to get the desired output.

The Time duration of the Event is 3 hours

Rounds and Rules:

1. Maximum of two participants per team.
2. All the participants should have valid id card of their respective institute with them along with the registration receipt of ElectroGiest.
3. All the components needed in this event will be provided by the organizer to the participants.
- 3(a) All the components are kept on the table after the question are displayed they need collect the components from that table.
4. In the Round 1 There will be only one question for all teams and teams which will get the desired output will qualify for the second round.
- 4(a) There will be a marking scheme for the question given in round 1 so based on this marks the teams can qualify for the second round.
5. Teams which uses less number of components will have edge over others in round 2

5(a) They get a chance to change the question if they require.

6. In the Round 2 there will be two questions, as this is the final round the team which gets desired output will be declared as winner.

6(a) There will be a marking scheme for the questions given in round 2 based on this marks the winner will be decided.

7. In case of any discrepancies and misbehavior the decision of organizers will be final.
